

B2B AND WORKPLACE GIFTING THAT CONNECTS

Hampers, Gift Boxes, Bespoke Mailouts and... Flowers!

PART OF THE EUROFLORIST™ GROUP

About Us

I started Don't Buy Her Flowers (from my spare room eleven years ago!) after having my first baby. I received eight well-meant and gorgeous bouquets from people wanting to congratulate me, but as an overwhelmed new mum it struck me that there could be better gifts than another thing to care for, when I was doing more caring than I'd ever done in my life.

While we have grown and evolved since then, our mission is still all about thoughtful gifts and this has extended into the workplace. We enjoy challenging what can be the dull and wasteful world of Corporate Gifting. Most companies gift in some capacity; by adding thoughtfulness into those gifts, we can help ensure it creates impact, connection and ROI.

Whether for colleague or client engagement, onboarding, launches and events or as part of a sales campaign, we love talking to our clients and creating gifts that people want to receive and, importantly, ensuring our clients and their brands are represented as they want to be. Corporate gifting should say something about your brand and help you connect with the recipient; whether with gratitude and goodwill, empathy or celebration.

Since December 2025, we are now part of the Euroflorist Group, benefitting from their 40 years of experience, cutting-edge technology, and capacity to deliver over 2m orders per year. And, that's right, we can also now offer flowers to our Corporate clients!

We would love to hear from you, and create gifts that really support your business.

Steph

“

“We have had a consistently excellent experience working with the Don't Buy Her Flowers team.

They are reliable, detail-oriented and always handle everything with great care and attention. They stick closely to the process we agreed and have in place, and the seamless inclusion of our branding makes the experience especially valuable for us. We would recommend them to all”

Clients we've worked with include:

Our Charity Partners

How it works

TELL US WHAT YOU NEED

Firstly, we'll put together a proposal based on your brief and budget. We offer a completely bespoke service so every gift can be personalised to your recipients or you can select from our curated gifts. We'll send you the proposal along with all costs to review and approve.

WRAPPED & PACKED

When ready, we will beautifully wrap your gifts and/or flowers and add your personal message where relevant. As part of our bespoke service we can add your branding to gift wrap and tags.

SHIPPED & DELIVERED

Once the gifts are securely packaged, we send them either directly to your recipients, or to you to personally hand out. All our couriers deliver nationwide and we work with a courier partner for International delivery.

Pricing and Minimum Order Quantities

No minimum order quantities on gift boxes or flowers — whether you need one gift or one thousand (or more!), we can help.

For bespoke branded products, minimum quantities and lead times may vary depending on the product, and we'll always be clear about this in your proposal.

Every gift is priced to your brief and budget, so the best starting point is simply telling us what you're trying to achieve.

Employee Gifting

NEW STARTERS

A thoughtful gift is the perfect welcome, helping new colleagues feel valued from day one.

CELEBRATIONS

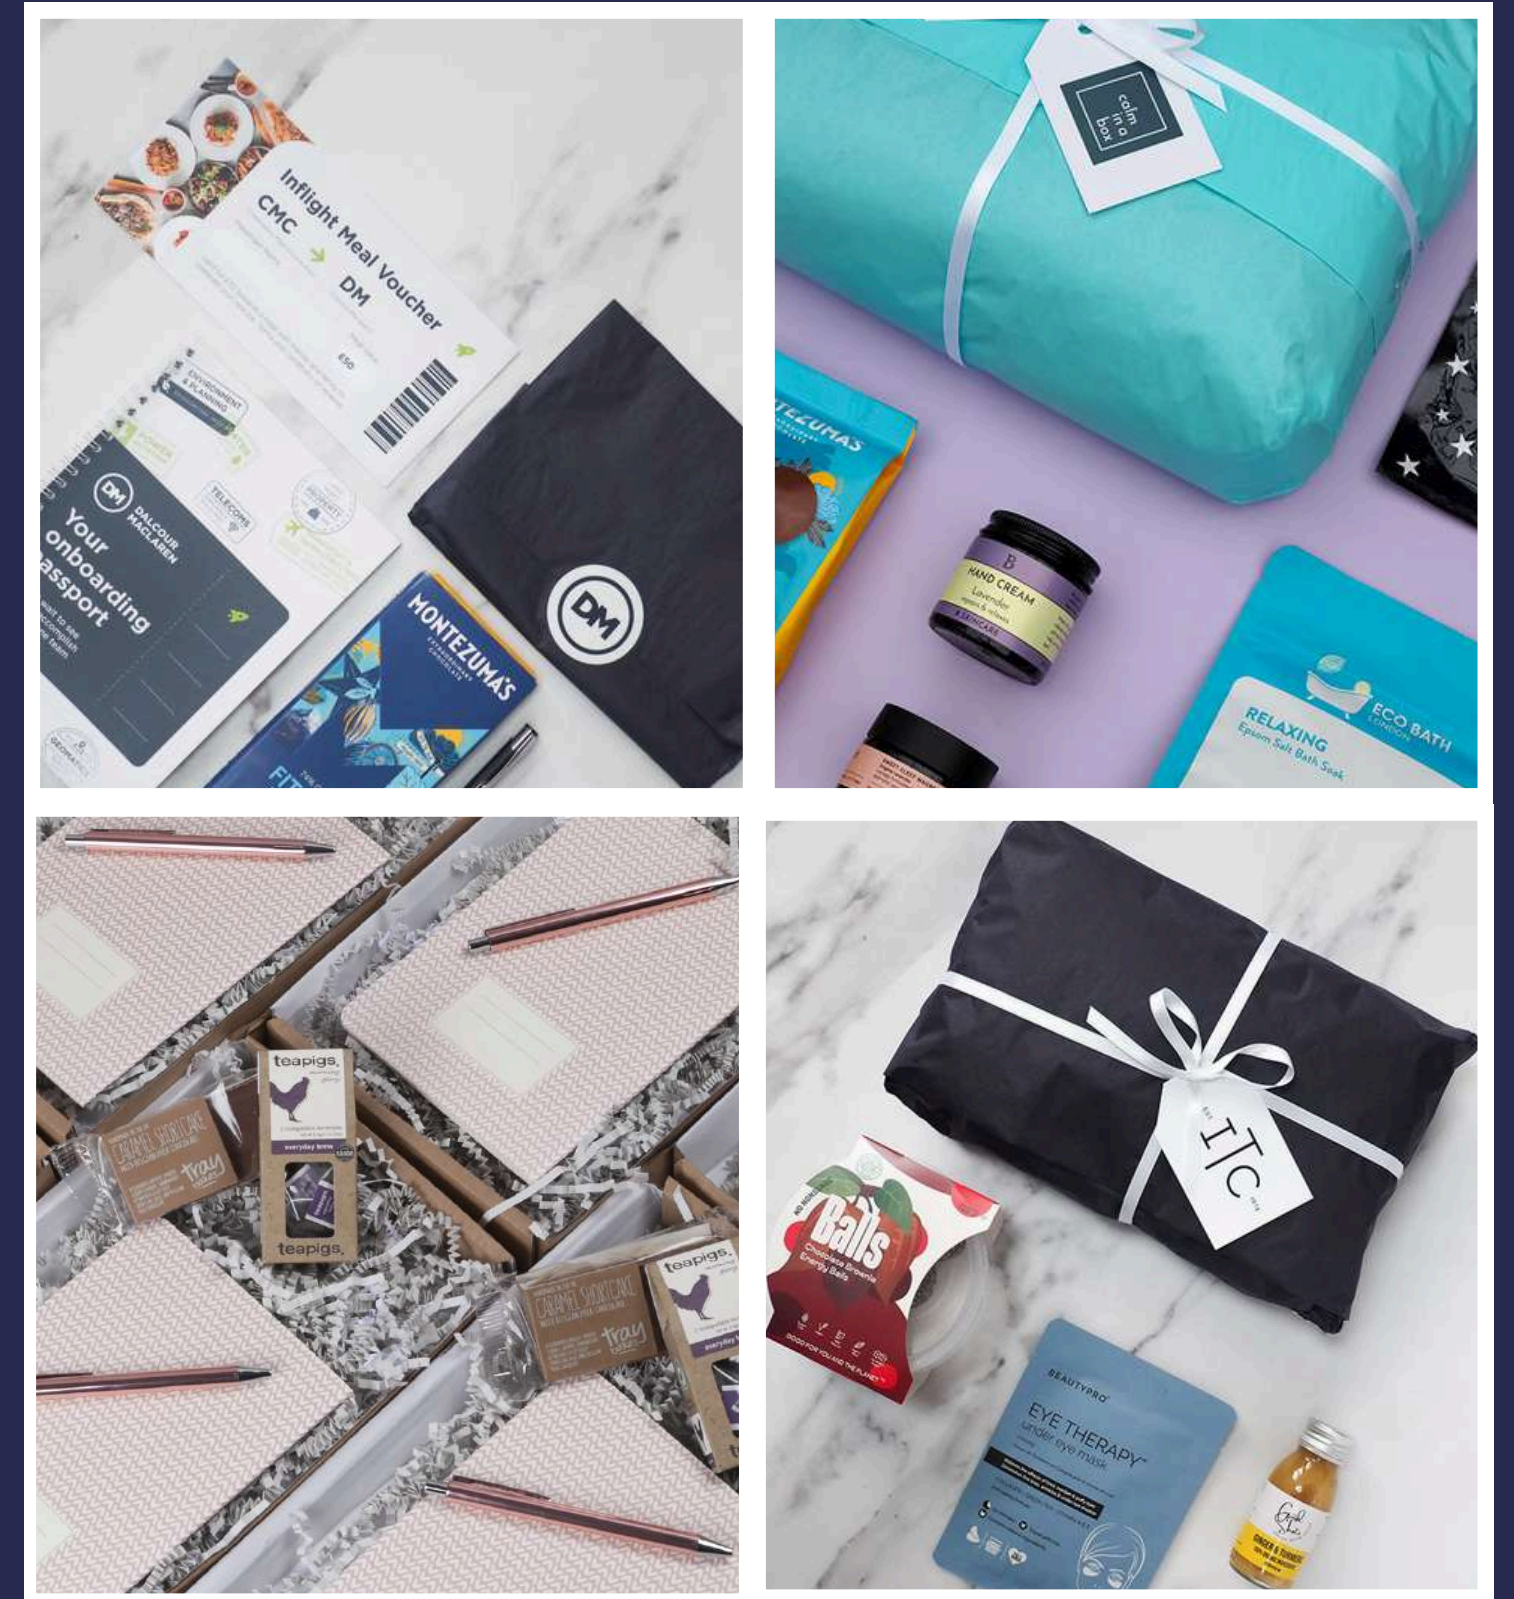

Whether it's a standout performance, a personal milestone, or a major life event, a well-chosen gift speaks volumes.

CHALLENGING TIMES

In difficult moments, a small act of kindness goes a long way. A sensitive, supportive gift lets colleagues know they're not alone and that their wellbeing matters.

WORK ANNIVERSARIES

Marking key milestone dates with consistent, branded gift boxes creates a culture of recognition and something everyone can look forward to.

Client Gifting

Want to win over new clients, keep them engaged, or bring them back? Start with a gift that will be remembered.

“

“Working with DBHF has been a great experience – they really took our brief and delivered. We wanted a showstopper included in our gift and they absolutely delivered, we received lots of compliments. The team takes great care in handling our orders, with everything from packaging to personalisation executed to a high standard. They handled all our UK and international gifting seamlessly, and were always quick to reply to queries and proactive in keeping us updated throughout the process”

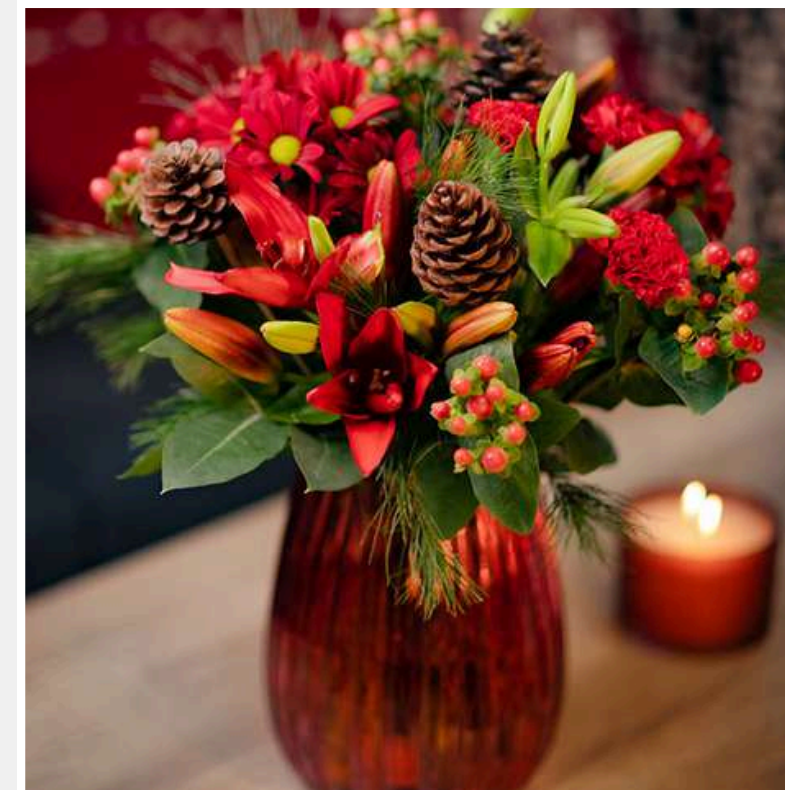

B2B Client, Quantitative Trading Firm

Flowers

Not every moment calls for a gift box. Sometimes, a beautiful bouquet is the right way to mark a special occasion and now we can help with that too.

As part of the Euroflorist Group, we work with Eflorist and Serenata Flowers to offer you a wide range of bouquets, giving you even more choice for thoughtful gifting.

- Bouquets to suit every budget, starting from £16.99 up to £74.99
- Next Day and Named Day delivery available
- Customise your order with add-ons, such as vases and chocolates
- Branded cards to include a personal message
- 75% of all stems used are sourced from sustainable Kenyan growers

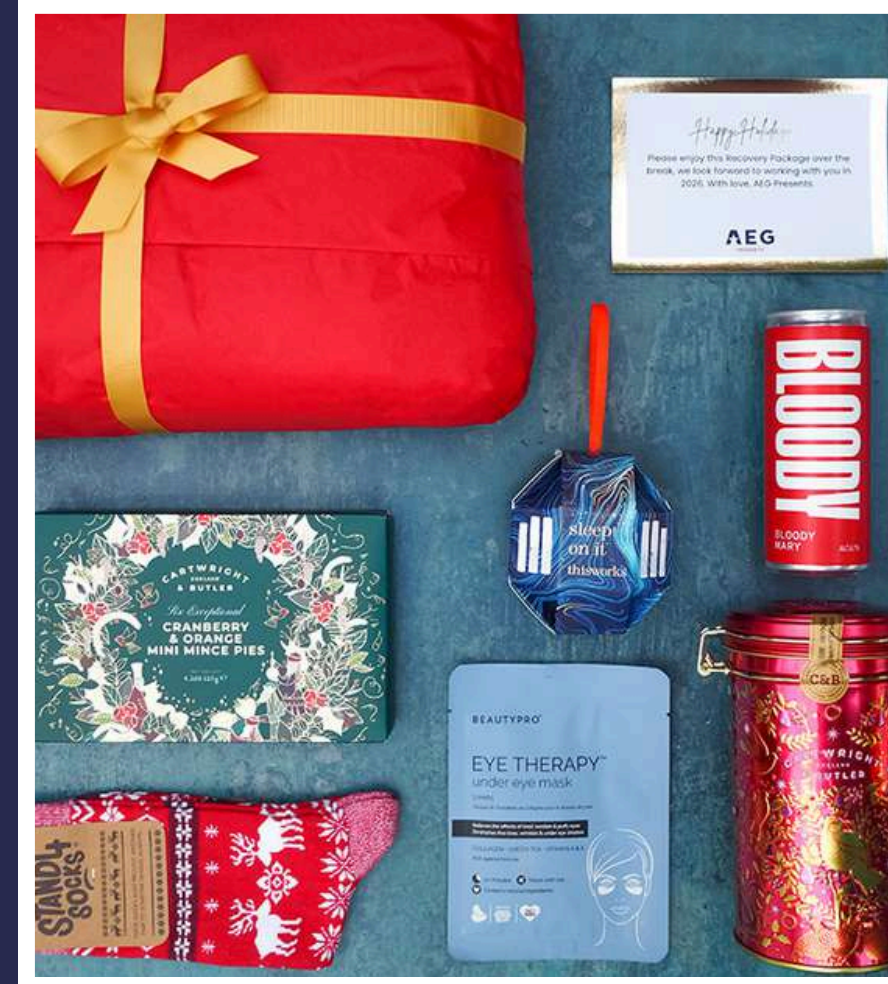

Christmas Gifting for Clients and Employees

Choose from Food & Drink Hampers, flowers and TLC Gift Boxes, all created to suit your recipients whether you want to help them celebrate or encourage some recuperation over the Festive break.

One of our most popular gifts for the workplace at Christmas is our Food & Drink Hamper. Different to other hampers in that it is completely customisable. We can accommodate dietary requirements and preferences, and tailor packages to suit rather than 'one size fits all'.

All gifts arrive with your personal message and festive or branded gift wrap.

“

We've been working with Steph and the team for a couple of years now and they always exceed our expectations! They're super friendly and always happy to help and their gifting is second to none! They've helped us level up our gifting game by creating more thoughtful and personalised hampers, we absolutely love working with DBHF and look forward to continuing to work with them in 2026 and beyond!

ZigZag Global

Branded Packaging

GIFT WRAP & RIBBON

Wrapping tissue and ribbon is available in a variety of colours so we can match your brand, or your brief. Our gift wrap packaging is recyclable and reusable.

PERSONAL MESSAGES

Including a message in your gift adds that extra special touch.

BRANDED BOXES & GIFT BAGS

Option to have your gifts presented in your own company branded box or gift bag.

MERCHANDISE

We work with ethical suppliers to source quality products to which we can add your branding.

SUSTAINABILITY

Thoughtfulness extends to our suppliers and how they create their products; their packaging, sustainability credentials, community and values. We work with British suppliers, including a large number of SME and independent businesses, many of them growing with us.

Products & Branding

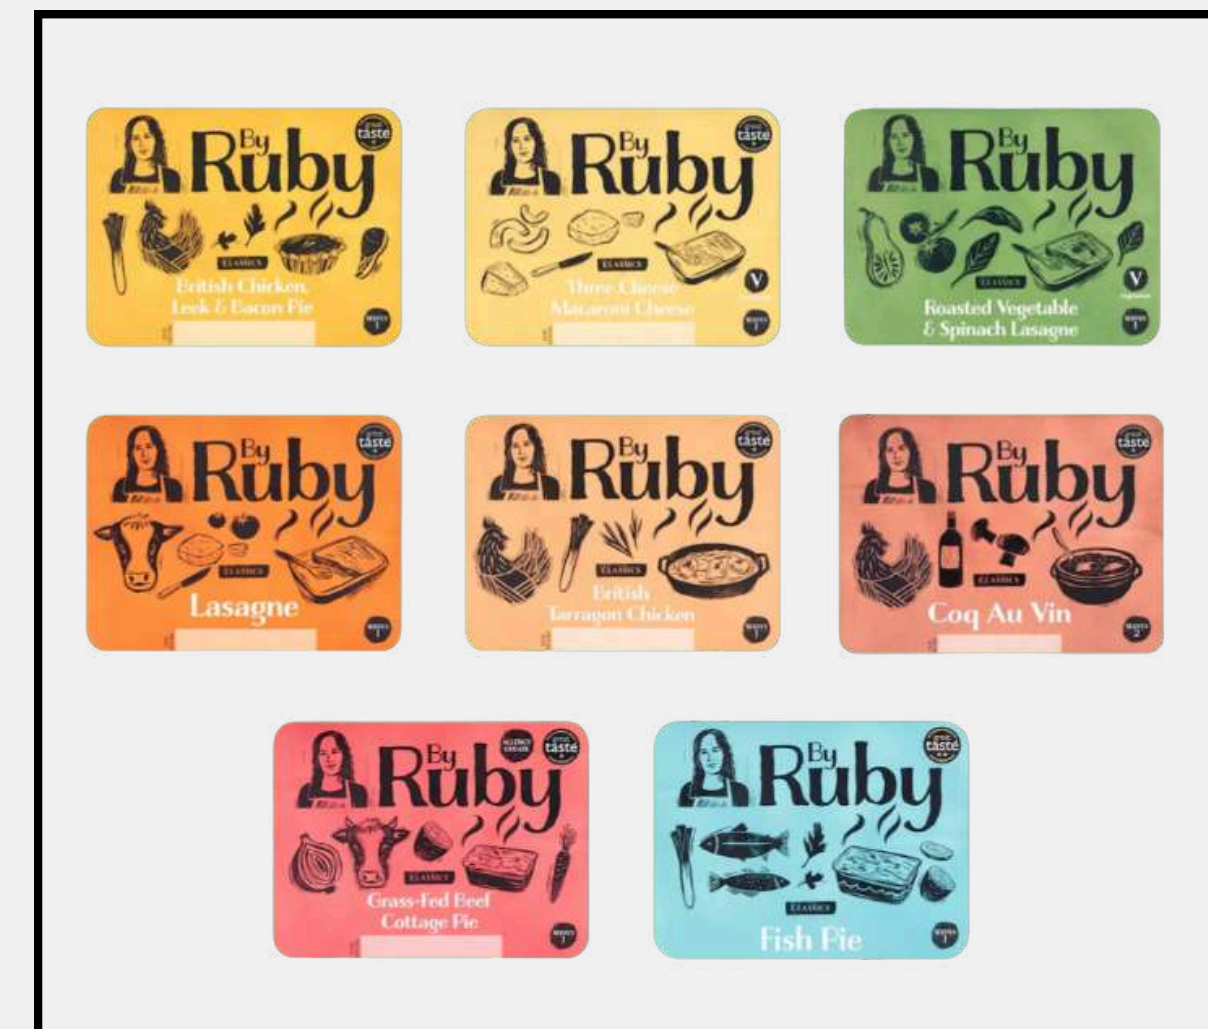

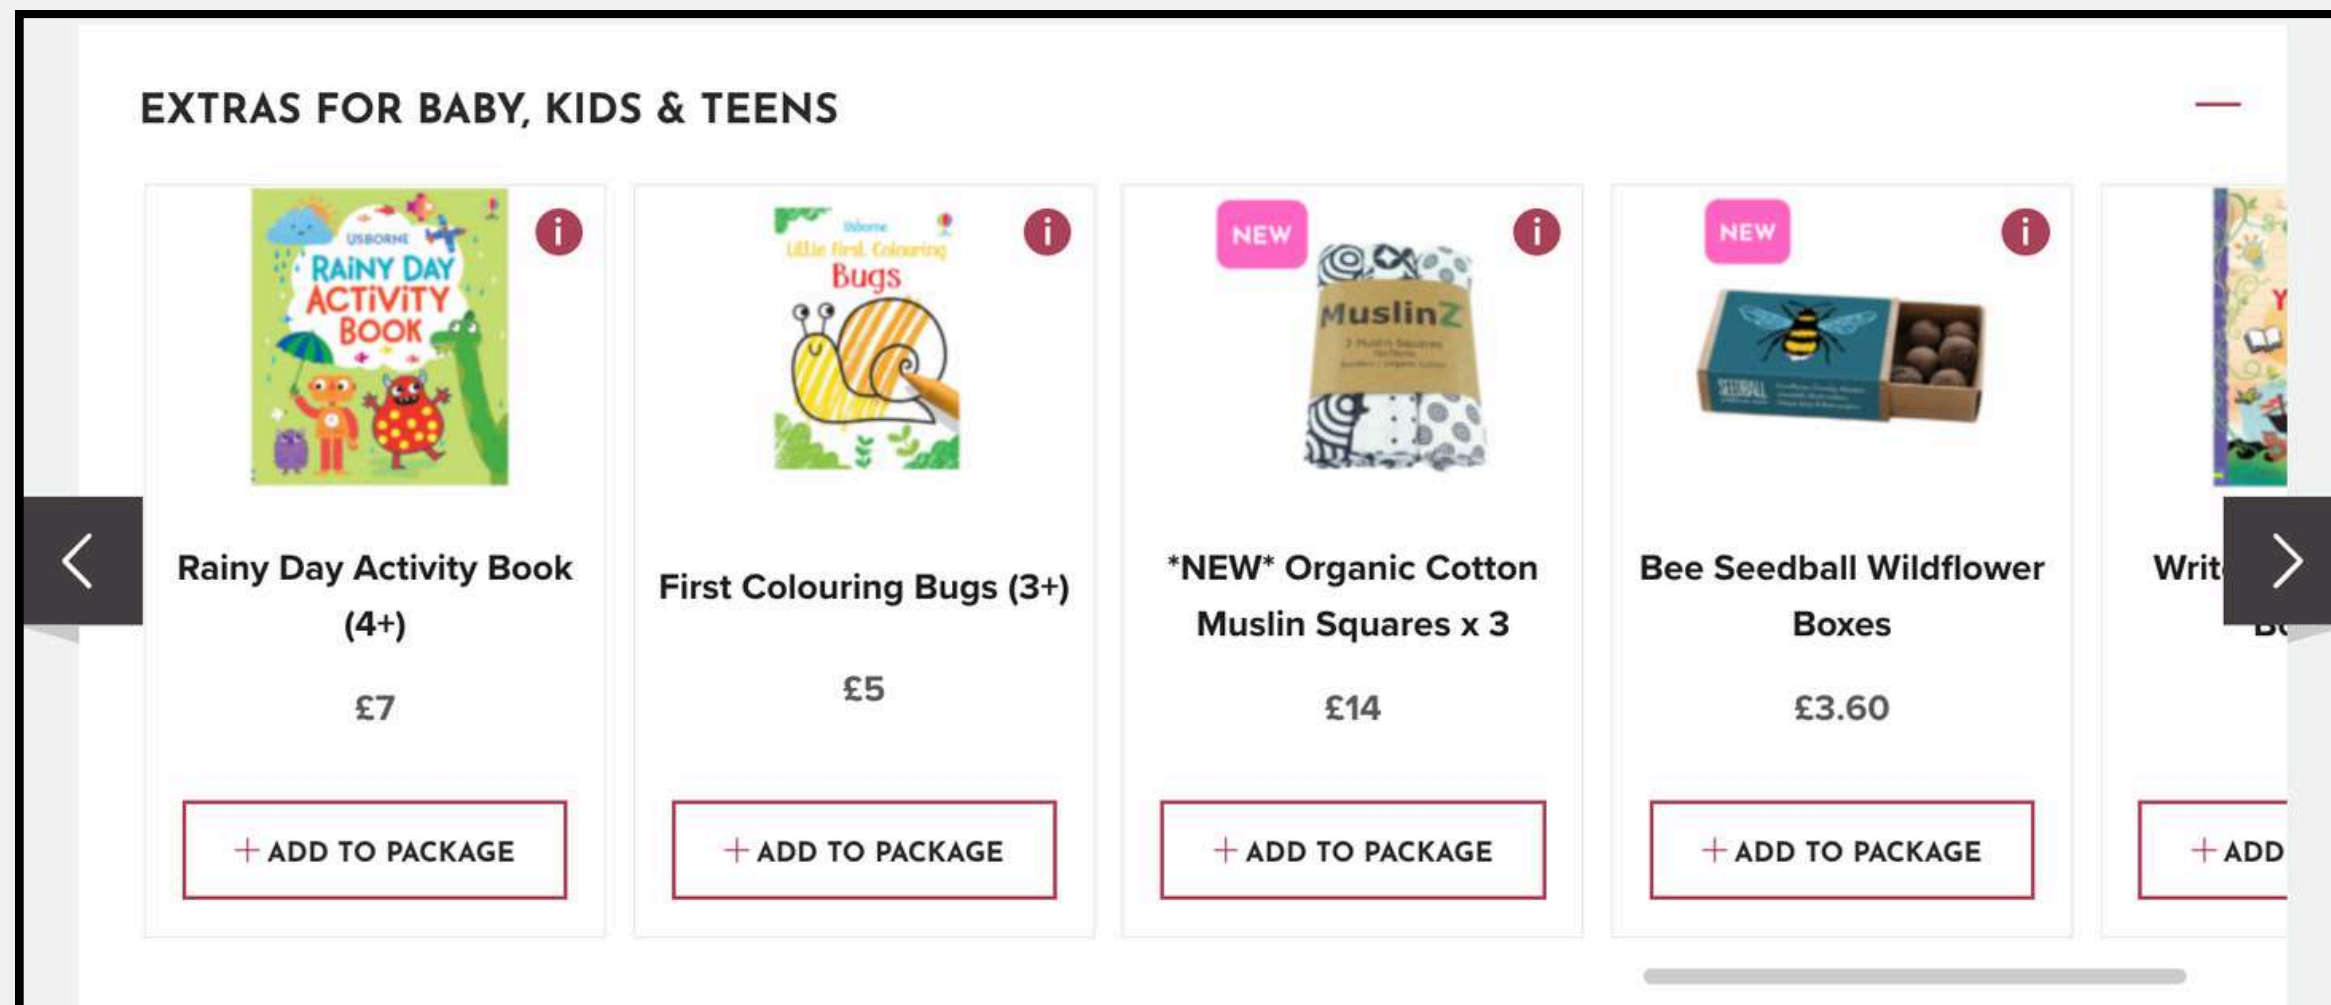

We can source a wide range of bespoke products, branded products and food items. From more traditional corporate merchandise, to very niche briefs. We enjoy the challenge!

Add ons for any gift type

We also have add on products for all gift boxes, so they can be made more personal, including ByRuby Meal Delivery Vouchers, extras for family members, and dog treats.

We want your recipients to feel considered; our ability to tailor each gift to your requirements helps you stand out.

Lead Times

Every brief is different, so lead times vary - we run our own warehouse, hold stock and ship year round, including Next Day and Named Day Delivery.

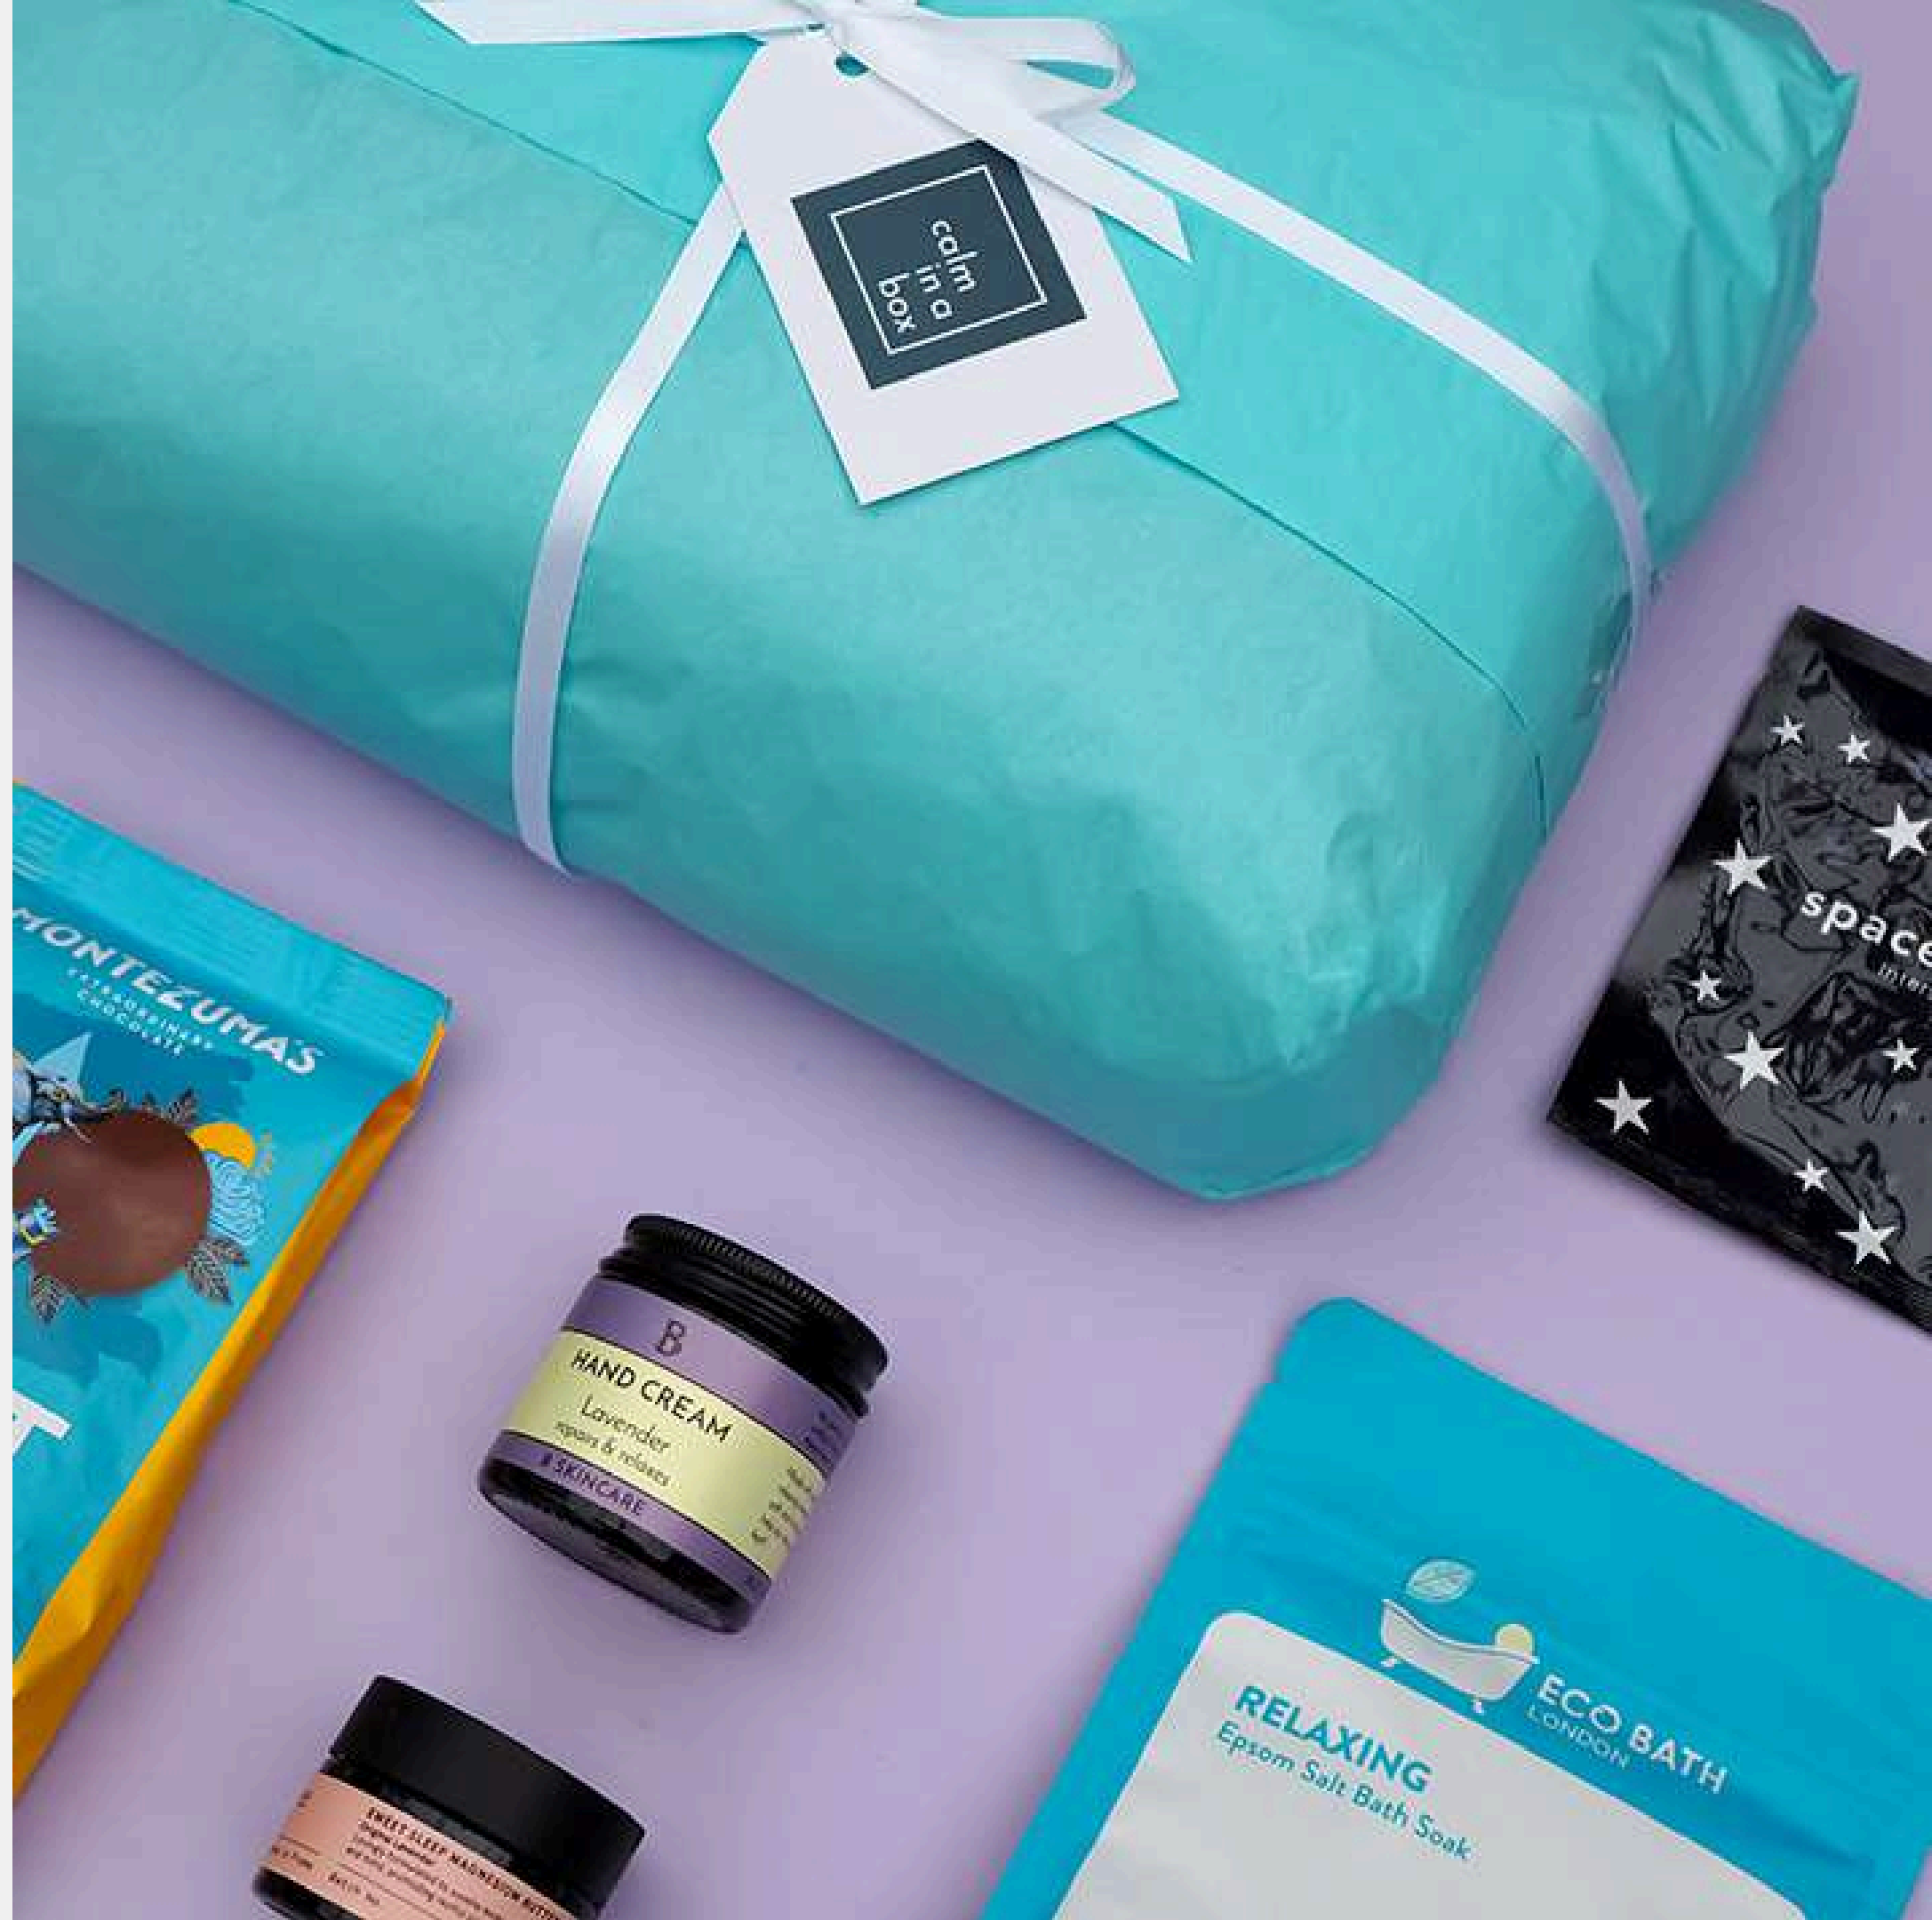

As a rule, for bulk orders, bespoke gifts and branding, the earlier the better. For Christmas gifting especially, clients who come to us early get the widest choice of products and the best chance of getting everything on their wish list and preferred delivery date.
